ANNEXURE B MQA MANDATORY GRANTS

Introduction

The Skills Development Act No 97 of 1998 aims to provide an institutional framework to implement national, sector and workplace strategies to develop and improve the skills level of the South African workforce. The Act makes provision for the establishment of SETAs as institutional vehicles to implement the Skills Development Act and other related legislation.

This policy framework is consistent with the provisions of the Skills Development Levies Act (Act 9 of 1999), which stipulates the processes for the management and disbursement of funds received as levy income. The Skills Development Regulations **No 35940 of July 15 2013 sets out the minimum requirement** in terms of grant regulation, Furthermore the MQA has the right to include additional criteria (as referred to in section 5) in order to perform its mandate.

1. Purpose of this section

The purpose of this section is to provide a uniform framework that is consistent with the principles of fairness, and which is in line with Section 2 of the Skills Development Act. The policy is applicable to levy paying and employers exempted from paying levies in the mining and minerals sector who are involved in the MQA mandatory grants processes.

2. Management of the Mandatory Grant Submissions

The SETA Grant Regulations make provision for the following:

2.3 The WSP-ATR Submission will only be considered if it conforms to the format prescribed by the MQA were:

a) the Source Data template which reflects the training done (ATR and Pivotal Report) and the planned training (WSP and Pivotal Plan) for the calendar year has been uploaded on the WSP-ATR system.

2.4 An organisation that is transferring to the MQA from another SETA during the WSP-ATR submission process must submit their WSP-ATR to the current SETA and send a copy of the submission from the previous SETA, as well as confirmation of grant approval or rejection (the same process will apply when organisations transfer from the MQA to other SETAs).

2.5 The Mine Health and Safety Act 74 of 2008 section 10 (5) states that ***“All mines must submit a workplace skills plan and the annual training report to the Mining Qualifications Authority”***. Sub-section (4) “The employer must keep a record of all formal training provided in respect of each employee”

2.6 Employers in the mining and minerals sector who do not have mining rights and whose personnel costs are below the prescribed threshold of R500 000.00 per annum, are still required to submit their WSPs and ATRs for the purposes of research and recording of their details on the MQA database.

2.7 Payments for mandatory grants shall be made quarterly and any Mandatory Grants not claimed in one year will be transferred to the discretionary grant fund reserve
